

## David Weber

August 19, 1945 - August 29, 2024

David Jonathan Rogers Weber, 79, of New York City and San Diego, CA passed way on Thursday, August 29, 2024. He was born August 19, 1945 in Minneapolis. He was the beloved son of Franz and Elizabeth Weber. He grew up in Harrington Park, NJ and attended Rutgers University.

He was a forced to be reckoned with and always stood his ground. He always made everyone smile whenever he walked in the room.

He had a gift of making crying babies perk up and glow when he would talk to them. He had the most insightful and intelligent conversations and everyone truly admired him. It was an honor to have cross paths with him. He was extremely creative and had the opportunity to show his talents after being honorably discharged from the Vietnam war in June 1966. His first big gig was working on the Ed Sullivan show as a stage hand. He traveled the world with his gifted talent of producing and floor directing with working on networks such as ABC's One Life To Live and Loving. He spent the last 10 years working at Time Warner's CNN. After retiring in 2016, he then moved to Los Angeles in 2017 to enjoy the sun and the next chapter of his life. He will be deeply missed and continues to be loved for his warmth and contagious smile. He will be cherished and remembered by his surviving nephews, James and Chris.

He will be forever respected and admired by his surrogate daughter, Adaeze and her husband, Lenny. He touched so many lives in a positive way. May David continue to rest in power and peace. His spirit is still here and felt daily.

“ David, thank you for being a great friend upon our initial encounter in New York City when I was 19. You truly made me feel comfortable and always gave me a great advice. Thank you for encouraging me to move forward in all of my goals. You were a great cook. You made the best hamburgers!!!! From New York City, Costa Rica, Hawaii, New Jersey, Los Angeles, Irvine, San Diego and Texas, we were forever connected. We are friends for life. I am thankful that I have known you for 23 years. You made an impact on people. I know your energy and spirit is still here. Love you.
