

Dorman Arthur Cannon

August 19, 1933 - July 4, 2021

On Sunday, July 4th, Dorman Cannon, loving husband, father, grandfather and great grandfather passed away at the age of 87.

Dorman married his high school sweetheart Patricia, and raised their son Brad. Dorman was a proud TCU Horned Frog alumni, United States Marine helicopter pilot, Flight Instructor, and a Bell Helicopter Chief Test Pilot.

He was admired for his accomplishments developing and flying the XV-15 and V-22 Tiltrotor aircrafts. He had a passion for dove hunting and competitive skeet shooting. He was known for his "golden hands" while flying, high intellect, quick wit, and strong willed spirit. He was a great American Patriot.

He is survived by his grandson Jacob, grand daughter in law Meagan, and their three children, Blaze, Hadley and Jax.

“ Pat, I just found out Dorman passed away. Fond memories come to mind. Can imagine he and Tom having a conversation about their helicopter days together in Paks River and Arlington for starters. He was a fine man.\n\nGod bless you and be with yo you, Barbara Gardner

PS

“ Dorman was an icon at Bell Helicopter. If anyone mentioned the development of the Tilt-Rotor Programs, the first name to come up was Dorman Cannon. My prayers for his family.
