“ Kareem, Jamal, Daniel and Jacori my heart goes out to all of you because of the loss of your dad. I can only say with time you will find your peaceful place to be to make it a little better. It is hard to remember my high school years until this day without Gregory being in it. He became family before he married Clarretta. Our last conversations were my typical brother-In-Law, he made sure we stayed in touch as he would remind me of the times we had with family and now we are the elders. He was very proud of and loved his sons and grands. Still trying to remind myself that in prayer we can have our weekly talk and in he's in the presence of some praying women and men. Love You Sis (Joanie).

“ Gregory has touched many lives with his gentlemen like spirit. He was always available to offer advice without being judgmental. I have known Gregory for many years and he had helped me get through a very difficult time in my life, for this I am grateful that God has allowed me to not only know Gregory but to also know his family. Gregory was very proud of his sons and grandchildren and I would get updates on how everyone was doing. To the family: please take comfort in knowing that Gregory loved you all so much and you were his greatest joy. May God embrace you in his arms of comfort.
