

iola crawford

Heaven just got more fun. Iola ("Peaches" Webb) Victoria Crawford, was born January 29, 1925 at Charity Hospital in New Orleans, Louisiana to Victoria and Ralph Crawford. She was named after a sweet, Italian nurse in the maternity ward who "was so nice to Mama". She was the baby of 13 siblings. She brought joy to everyone around her - but she got joy from so many things. Zydeco, hitting golf balls with husband Calvin "Tiny" Webb at Hermann Park, monkey calendars, Mardi Gras, red beans & rice and oxtails. She loved children and children loved her. She spent much of her time in Houston on Cobb Street, but spent her later years at Beall Village on North MacGregor Way. Independent until she was in her mid-80's, it was only in the last couple of years did she make her way to St. Dominic Village Nursing Home. She never met a stranger. She was always the brightest light in the room. Her family loved her and her other families (the Browns, Rubensteins and Levins) loved her too. We are grateful for the exceptional care and attention she received during her time at St. Dominic's.
