“ The first thing that comes to my mind when I think about Jordan is how I always thought she was genuinely the coolest person ever. I loved the way she did her makeup and the way she did her hair. She had the sweetest and softest soul. I can confidently say I wanted to be just like her when I grew up.

One of my favorite memories is Jordan in the front seat with Lisa, while me, Averi, and Taylor sat in the back all scream singing Katy Perry's "California Gurls". Middle of the Summer, just us girls, not a thought or worry in the world.

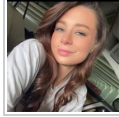

She will be missed by so many. She will be missed forever. Stay cool Jordan.
