“ Adam, we are heartbroken to hear of your mother's passing. You are in our hearts and our minds as you go through the memorial and funeral process. From what we know about how you've talked about your mom & what we've read about her, it's clear that she is very loved, missed, and respected by all who know her. Please let us know if there's anything we help with in Chicago.

“ I met Karen in 2019 in Montreal after our sons football game, I instantly liked her! Her warm smile, bubbly personality, and positive outlook made an impression on me. We became football texting buddies. In May I was in Dallas and our family shared a meal, and we found we had even more in common, our faith and work. Our long distance friendship grew. I will always remember Karen's love for her boys, her optimism, and her unwavering faith. I picture her hearing those words we all long for, "well done my good and faithful servant." May she Rest In Peace.

“ Karen was a sponsor in my RCIA class when I joined the Catholic Church. We spent many many months around a U shaped table learning about the Catholic faith and traditions. (I was Born into a protestant family.) Through those many months we all grew into a family\community of faithful believers. Karen often talked about her boys to us. Several of her boys were the age of some of our children and they had played sports with our kids. Karen was at every game, every benefit, church event, school event supporting those boys. I also remember her smile. I am deeply sorry for the loss of our friend, sister, daughter and most of all mother to those boys. She is very proud of you boys. I will be praying for you all.

“ I met Karen as my representative through our works. At the time in Toronto, now I'm living in Montreal and have also seen Karen's love and support for her boys, constantly. Every time Karen visited my work; it was like she never left. She spoke kindly of everyone and spoke about her family so much it made me feel like I knew all of you. Never will be forgotten, Karen left an impression on my life even living in different countries. My deepest condolences.

“ Karen was the best boss I ever had - but soon we became good friends even after I moved on from the company we both worked at. I looked up to her so much. She was like an older sister I wish I had and pretty much a mother figure to me, especially when I lost my own mother to cancer. She was classy, beautiful, sweet, smart, generous, fun, talented and so much more. She threw me an amazing engagement party 21 years ago in her beautiful home in Naperville. She was so proud of her sons and I loved hearing what they were up to when we'd catch up. I had hoped to fly to Texas to see her home and have some cocktails by a pool one day. I will treasure all the giggles we had over drinks (she was always laughing) and the serious talks about life. She always gave me great advice and I will miss her dearly! Prayers to her close friends and family in this time of tragedy.

“ I met Karen while we were both working seasonally at Pottery Barn, and then full-time together. Always kind, thoughtful, and helpful, she was a favorite member of the staff. I'm stunned that such a vital and vibrant individual is gone. She loved her boys tremendously.

“ I met Karen in the mid two thousands when her sons were in high school. She was such a very nice lady. We worked together on the High School Boosters and she was dedicated to her sons. I am so saddened of her passing. We kept in contact through the years, and will be missed by myself and so many others.

“ I met Karen in 2016 while visiting in the office in Schaumburg and we had worked on numerous projects until her departure in late 2019. We had wonderful memories when she came to visit Hawaii numerous times. She was very proud of her \"boys\" and she could not speak enough of their accomplishments. Her heart was always in the right place and we became quite close across the miles. I am heartbroken to hear of her passing but I'm certain her boys have obtained a fierce warrior and guardian angel in heaven. Rest in peace Karen. With my deepest sympathy and condolences. Maria Roy
