“ I'd like to say I went to school with Marlene she was really a crazy one we all had some fun times. She was at my house two years ago at the girls get together I always have and that was the last time I seen her. I have talked to her since not knowing she was this sick. I'm hoping she wasn't in too much pain. I'm sure she's upstairs hooting and laughing and getting everyone dancing, because that's the way she was. Well till we all meet again Marlene take care of your self and all of our classmates who have left us.
