

Robert "Bob" Kevin Willett

April 10, 1958 - September 19, 2024

4/10/58-9/19/24

Robert Kevin Willett passed peacefully in Farmersville TX after a 20+ year health battle. He was a very loved son, brother, dad & grandpa who was always developing new creative talents. Even throughout his illness, he kept an upbeat attitude and outlook. He was a very spiritual soul with strong beliefs in his eternal future.

He was born in Bellevue IL to Bob & Carol Willett; and big brother to sister Sunny and brother Steve while growing up in Marion IA. He was nicknamed Bubs by family and spent his working years in Iowa, New York, Vermont, Texas & California as a farmer, gardener, landscape designer and running a farm co-op. He was a true earth lover and wanderer with a wealth of knowledge about all things related to plants, trees, animals, and wonders of the world.

His daughter Allison and love of his life was born in Texas, and they had many summer adventures together while she was growing up. He was a musician that could pick up almost any instrument and play, loved to surf, run, sail, camp, hike and travel. He later took up photography and then charcoal sketching.

He was always very adventurous and loved the outdoors. When his illness limited his ability to enjoy traveling, he would still find a way to explore whatever was in his immediate surroundings. If there was hidden outdoor beauty, he would find it. His strength and fighting nature was truly admired by everyone he came into contact with; even those he knew briefly would describe him as a young-at-heart really cool guy.

He was preceded in heaven by his parents Bob & Carol Willett and survived by his daughter Allison Willett, grandson's Charlie & Liam Willett, sister Sunny Geels (Willett), brother Steve Willett and numerous nieces and nephews, their spouses and kids. We know he is now free from any limitations and enjoying all the things he loved and more.

A Memorial Service is being planned for a later date at Lake Winnemucca CA.

“ *My dad was an amazing man who lived life to the fullest until his body and mind wouldn't let him. The strongest most stubborn man I have ever met but also the silliest. Always making light out of the hardest situation. I will try my best to live fully the way you would have wanted. Enjoying the simple but beautiful things life has to offer. You will be forever remembered and missed. Love you*
